US Municipals Review

Ranking Criteria Summary

Rankings and volume totals include all long-term municipal new issues underwritten during the period from January 1, 2014 to June 30, 2015, of which Thomson Reuters was made aware. Except where indicated, the rankings quoted above exclude (1) short-term, preliminary, private placement or rank ineligible issues; (2) issues with Government Entities such as state attorneys general as legal counsel; (3) and issues with the issuer as trustee or paying agent. All league tables contain only deals where the relevant legal counsel, trustee or paying agent is identified in the issue. Legal counsels receive full credit, equal if joint, on each issue on which they provide legal services. Trustees and paying agents receive full credit, equal if joint on each deal on which they provide services. Letter of Credit and Bond Insurers receive true economics credit.

Thomson Reuters introduced official League Table rankings of bank-contributed Municipal Private Placements as of January 1, 2013. Only deals placed privately or purchased directly by banks or brokers are included in the Private Placement League Tables. Transactions purchased by Government Sponsored Entities, Private Institutions, and individual investors are recorded in Thomson Reuters databases but ineligible for League Table accreditation. Otherwise eligible private placements are included in the rankings regardless of size; direct purchases must be at least US\$10 million for inclusion in the rankings.
